YEAR 3 WEEKLY LEARNING

This week

English

This week in English, the children have been putting the skills they have developed over the past few weeks into practice. Using our class book, The Heart and the Bottle by Oliver Jeffers, they wrote their own narrative stories, using their imagination and creativity to engage the reader. The children focused on developing their ideas, choosing interesting vocabulary and using descriptive language to bring their stories to life. They also worked on structuring their writing and applying the grammar and punctuation skills they have been learning. It was wonderful to see them becoming more confident writers and using their growing range of skills to create engaging stories.

Art

This week in Art, the children have continued to develop their sketching skills, focusing on using tone, shading and careful observation to improve their drawings. They paid close attention to detail, looking carefully at the shapes, lines and textures they could see and incorporating these into their sketches. The children demonstrated great concentration and creativity, applying the skills they have learned to produce increasingly detailed and realistic drawings. It has been lovely to see their confidence growing as they experiment with different techniques to bring their artwork to life.

Issue Number Six

A few important reminders:

- **Daily reading:** Please continue to read with your child every day to support their **fluency, vocabulary and comprehension**.
- **Times tables:** Please encourage your child to practise their **2, 5 and 10 times tables** regularly to build confidence and accuracy.
- **Spelling Frame:** Please support your children with login into the website to practice Rule 2
- **Homework:** Homework will be sent home every **Friday** and should be completed and returned to school by **Thursday**.
- **Thank you:** Thank you for your continued support!

Achievements

This week achievement certificates have been awarded to:

- **Ellen** for fantastic effort and determination in Maths. She always tries her hardest when tackling tricky questions and shows great perseverance when solving problems. Well done!
- **Leo** for demonstrating excellent problem-solving skills in Maths and finding effective ways to solve challenging questions. Well done!

Congratulations on your exceptional dedication and hard work!
