

Diversity and Inclusion across the curriculum at Ongar Place

The National Curriculum as laid out by the government can be found here:

<https://www.gov.uk/government/collections/national-curriculum>

and the details of how these are covered throughout the school can be found in our curriculum overviews.

We also take our role to promote equality and celebrate diversity very seriously and ensure that opportunities for learning, exploration and discussion are included throughout the curriculum. The following table gives some indications of where some of these opportunities can be found.

Age / gender / marriage or in a civil partnership / being pregnant or on maternity leave / disability / race / religion or belief / sex / sexual orientation
