Friday 15th September 2023

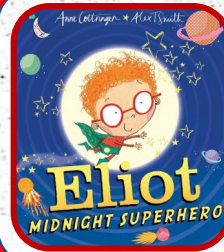

Another lovely week in Rowan class. We have been very busy completing our learning, we have started swimming, worked on computers, produced some lovely pieces of art and read lots of stories together. We are quickly settling in to the new routine and are becoming more confident in making important decisions for ourselves.

Little Wandle

We're teaching every child to read with

This week we have sent home the children's Little Wandle books. They have read it to an adult at school 3 times and can now read it independently. We want the children to be reading the books confidently with expression. Please try to read this book as much as possible. The must be in school everyday for reading groups.

This week we have been reading Eliot Midnight Superhero. We have looked closely at the story and will use this to inspire us to create our own super stories, starring ourselves as the hero!

Science next week

In science we are learning about different types of animals and what they need in order to survive. We have learnt about birds and mammals. Next week we will be learning about fish. To allow the children to get the most out of their learning we will be looking at a fish from the fish mongers.

Children will have the opportunity to touch the fish whilst wearing gloves but they will not be made to touch it if they do not want to.

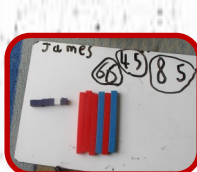

This is a great learning opportunity for the children and will help to expand their understanding of the world around us. I have spoken to the children about this experience but please come and talk to me if you have any worries or concerns.

Take a look at some of our learning this week.

WARNING

This week we have noticed many naughty numbers sneaking into our work. If you see them, correct them!
