

YEAR 5 LEARNING LETTER 6/10/23

Our SPAG this week has been on punctuating direct and indirect speech. Our other focus has been on reviewing the story of King Kong so that we can write a newspaper report about the events and the characters in the story. We will be including quotes.

In DT, we added the wheels and the electric motor to our chassis. We reviewed our understanding of circuits and created one with a switch

After a lot of focus on fair testing, this week we explored some simple machines that use forces to help perform work. We investigated pulleys and levers.

We have been adding and subtracting numbers with more than 4 digits using a formal method. This has involved 'exchanging' which has built on the knowledge of place value.

Science

English

ART/DT

This Week

Maths

Computing

History

We conducted an unplugged activity to find out how the content of a webpage can influence the ranking it receives in search results.

We began to think what life would have been like for a Roman soldier on Hadrian's Wall. We used the internet to fact find about Hadrian's Wall.

Looking Forward

Ambassadors

Ben and Evie -

who both understood and could explain how internet search are made and results ranked

Next week,

We will be revisiting pronouns but 'relative pronouns' tis time. We will be finishing out work on King Kong and starting to study a new book - 'Unspoken'. In RE we will be visited by members of St Paul's Church to share how the Church supports looking after the environment. In history we will learn about Vindolanda and in RSHE we will be challenging stereotypes.
