Happy Friday!

It's starting to feel like Christmas here at Ongar as Christmas carol concert songs fill the air! Lots of practicing going on around our usual lessons. Exciting!

In maths, we continue to implement our times table knowledge and consider multiplication facts we already know, to help us calculate trickier calculations eg $13 \times 9 = 10 \times 9 + 3 \times 9$

In science this week, we delved deep into the ear! We learnt how sound waves travel into our ear, and what happens in the ear which results in us hearing sounds.

In English, we are inspired by Viking sagas in our writing, with Thor as our focus character in the stories this week.

In DT, we practised our knife skills making a delicious healthy, vegetable soup.
