

# YEAR 6 LEARNING NEWS

It is wonderful to see everyone back having had a relaxing and fun time over the Christmas break. Thank you so much for your kind presents - they are greatly appreciated.

## Highlights of the Week

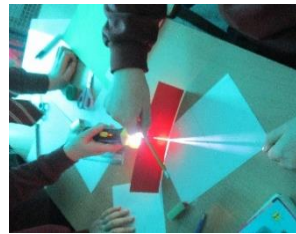

We have hit the ground running and the children have been working really hard. In maths we have continued to work on fractions and I am really proud of the class's achievements and increased confidence.

Our focus book in English is Wonder by RJ Palacio. The children have been enjoying getting to know the different characters and their personalities. Role playing Auggie and Julian was great fun and the children really got into character.

Issue No 1 Spring Term  
12<sup>th</sup> January 2024  
01932 842785

Our unit of learning in Science is light. This week we learnt about the Law of Reflection. The children investigated how light is reflected in a mirror and measured the angles of incidence and reflection. Using our knowledge of reflection, the children made periscopes.

## Information for Parents
