

Year 2 Learning Letter

Issue 15

Ongar Place School, Addlestone, Surrey O1932 842785

Friday 19th January 2024

Another busy week filled with lots of exciting experiences, learning and sport. We have had wonderful forest school sessions, played instruments in music, made our own boats, written instructions and so much more. I hope everyone is still feeling energised and managing to stay well despite the numerous germs doing their rounds!

Computing

This week we have been learning all about algorithms and the importance of making sure that our algorithms are clear and accurate. We explored Bee-bots and noticed how we could control the Bee-bots differently when only using 3 simple commands.

Ocean Meets Sky

As we continue our journey in reading the story Ocean Meets Sky. This week we have made our own boats ready to sail off on an adventure. We have worked hard to write a set of instructions on how to make our toy boats. I hope you enjoyed the models that the children brought home with them.

Over the next two weeks we will be using the cereal boxes in order to make our own book cover. Thank you to everyone who has bought in a box so far!

Cricket

This week we started our cricket sessions with a specialist Cricket Coach, Ed. We had a great time learning and practising new cricket skills. For the first time this term, everybody came prepared for the PE lesson with their own kit!

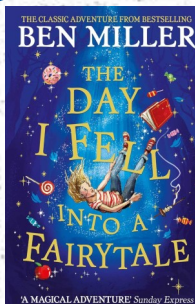

Looking ahead

Next week we are lucky enough to have visitors from St Pauls Church to talk to us about Christianity.

Barney

For showing and explaining a great understanding of 2D and 3D shapes

New Class Book

As a class we are reading 'The Day I Fell into a Fairytale' by Ben Miller. This book fits perfectly with our current literacy theme of fantasy and adventure.
