## This week in Beech Class...

### ASSESSMENT WEEK

This week we have been completing assessments in writing, reading and maths to measure the children's progress ahead of half term. The children were assessed in arithmetic, reasoning and problem-solving, working completely independently and showing their knowledge of different methods to work out the answers.

Reading was assessed by way of a STAR test on Accelerated Reader. This gives us valuable data, not only on the child's ability but on their strengths and weaknesses and areas to work on.

For writing, the children were given a picture as a writing stimulus and a little time to plan a story, then they set to work.

### FRENCH

In French, the children looked at different activities such as dancing, singing, reading etc. They learnt to say what activities they do and if they like them. We finished off with a game of Let's Dance on the Whiteboard

### HISTORY

The children learnt about Stone Age Camps and why the Stone Age people moved to different camps in the summer and in the winter. Then the children had a lovely time in the woods, making their own Stone Age Camps.

### STAR OF THE WEEK

**Rocky**—for a fabulous improvement in his reading score.
