2nd February 2024

Nursery Activities and Play

This week we have been thinking about different journeys, linking this to the book 'The Train Ride'. We thought about things we might need to take on a journey and who we might like to meet at the end of a journey. We used iPads to play a shape pattern game. We needed to find the next shape in a sequence. If you want to play the game at home, you can find it by scanning this QR code:

A big thank you to Aaron from Philip Southcote School who has been working with us this week - the children have loved having you in Willow Class.

Rhyme Focus

Next week we will be focusing on the nursery rhyme 'One, two, buckle my shoe'.

Information for Families

Swimming

A reminder that we will need parent helpers to support our swimming sessions in the Summer term on a Monday and Friday afternoon. If you are able to help, please talk to one of us about having a DBS check.

Key Adults

Each child in Nursery has a named key person. The role of the key person is to build a close relationship with the child and help them feel safe and settled in Nursery. The key person will also be responsible for monitoring development of the children in their key group and be a first point of contact for parents and carers for questions or concerns. The following page details the key adults for the children in Willow class. Mrs Pirie will also have an overview of progress and development of all the children and can also be contacted with queries.

Willow Class Key Groups

Mrs Harbridge

Alina
Meadow
Harrison
Connie-May
Connor
Luke

Mrs Sullivan

Belle
Tommy-Charles
Ruby
Ayra
Blake
Oajihan
