This week in Beech Class...

It has been a very busy week in Beech Class. The assessments have given us lots of useful information about the children's learning, progress and next steps.

English

We have learnt lots about sentences and paragraphs this week. We have looked at the structure of sentences, making our sentences more detailed and, importantly, when to end a sentence. We did some brilliant learning about paragraphs and even managed to impress Year 5 teacher, Mr Knott with our excellent presentation.

Maths

In maths, we are continuing to learn about length and perimeter. This week we have compared, added and subtracted lengths—remembering to convert all our measurements into the same unit of measure. We also learnt about perimeter and how we can use a length of string to calculate the perimeter of curved or irregular 2D shapes.

P.E.

We had our last cricket session this week. Unfortunately, the weather did not 'play ball', on Thursday but we still had fun in the hall. We have talked a lot, this term, about teamwork, honesty and learning to lose gracefully—all essential components of most sports.

FOREST SCHOOL

Year Three will begin forest school on Fridays after half term.

The first session is 23rd February and the last one is 22nd March. A kit list was sent home with the children yesterday.

STAR OF THE WEEK

Penny -
for always working conscientiously
and doing well in all her assessments
