

YEAR 4 WEEKLY LEARNING

Ongar Place Primary School,
Addlestone, Surrey 01932 842785
09.02.24

Our Values: Teamwork, Self-belief,
Honesty, Passion, Respect &
Determination

Happy end of term Friday!

I can't believe we are already half way through Y4?! Let's hope we're welcoming some Spring weather soon!

This final week of term sees us bring some units of work to a close.

In maths, we have finished our unit on multiplication and division and are now focused on length and perimeter. This week, the children have gained greater understanding of units of measurement (mm, cm, m, km).

We had our final cricket session with our Surrey CC coach. He commented on the fantastic progress Y4 had made, especially with their catching and bowling skills. The children have brought home a booklet with further information, should they be interested in pursuing their interest in cricket.

In RE, the children discussed and considered what a Christian kingdom would look like.

The children consolidated their learning in science, with an electricity quiz, after having the opportunity to get creative building their own circuits featuring multiple components.

I trust you all enjoy the weekend and I look forward to seeing you at the parents' evenings when we return after half term.

Miss Hale 😊

Important Messages

Please note the change to our PE days. Lessons will be on Monday and Wednesday. Please ensure ALL PE kit is in school on these days, including trainers!

Half term homework

TT Rockstars

Children have been given the challenge to log on and practise 7 times over the half term.
