This week in Beech Class...

English

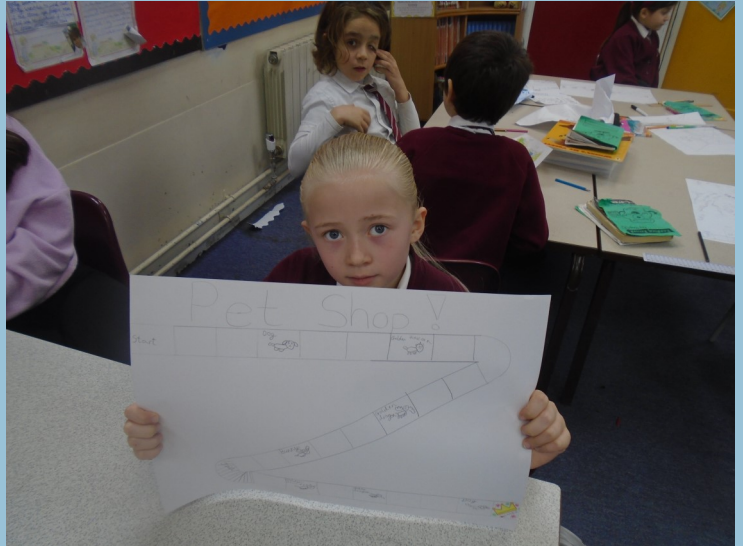

We have continued to look at instructions in English this week. The children have designed their own board games and have started to write clear instructions for how to play them. This involved a lot of thinking and forward planning as they had to think of lots of different consequences for game events.

Maths

We have started to look at mass and capacity. The children have looked at measuring and reading scales in grams and kilograms. We have found that it helps to think of the dial on scales as a curved number line.

DT

In DT the children had fun making cheese scones on Wednesday. They created their own recipe cards adding their own extra ingredient. The options were tomato, garlic, ham, chilli and onion.

STAR OF THE WEEK

Sol

For really great reading in class.
