This week in Beech Class...

English

In English this week we have started to learn about plays. On Tuesday, we thought about the differences between live theatrical performances and films. We talked about all of the different people that are needed to make a film and to put on a play. We looked at some backstage footage from West End shows and shared our experiences of going to the theatre. On Wednesday, we learned about the features of a play script and the children had a go at dramatizing a short scene using a script.

Maths

This week we finished our unit on mass and capacity and began our second look for this year at fractions. The children are learning to add and subtract fractions. We have found that it helps to think of the denominator as the 'thing' that we are adding or subtracting so that we remember to just add and subtract the numerator.

History

The children have completed their learning about monuments by writing and illustrating postcards from Merrivale.

STAR OF THE WEEK

SIENNA

**For improving her focus and
offering contributions in lessons.**
