Continuing the Learning Journey!

We have had another fun filled week this week. As the weather has been so nice the children have helped us reorganise our learning sheds outside.

This week's highlights...

- The children have designed, created and labelled pirate ships.
- During maths we have been exploring number patterns to 20.
- In Little Wandle the children were taught tricky words 'do' and 'were'.
- It was lovely to see so many books for 'Show and Tell' this week.

Focus on Learning

Next week the children will be cooking 'superhero power bars' with Mrs Mount.

Information for Families

Our fantastic PTFA are seeking more members. They have lots of wonderful things planned for the school but need help to make the magic happen! You can be involved as little or as much as you want. Please contact our class rep if you are interested.

Our trip to Gatton Park is on Tuesday 14th May, please see the letter I sent out last month for more information.

Thank you for your continued support,
Mrs Brill and Mrs Mount.
