

# YEAR 6 LEARNING NEWS

## Highlights of the Week

A huge well done to all of Year 6 for their efforts towards their SATS this week. Each and every one of them did us (especially Miss Watts) proud. The children have had some well-deserved down time including games, outdoor time and films/snacks.

Last week in science, we looked at micro-organisms and set up an investigation into mould. They put the bread (in sealed bags) in different locations to see how it affected the growth of mould. We have made observations throughout the week. We concluded that the slices of bread in damp conditions, had quicker mould growth.

Issue No 3 Summer Term  
17<sup>th</sup> May 2024

## Production

Auditions have been held this week for Year 5 and 6. Myself and Mr Knott will be letting children know their parts soon. Thank you to all the children that came along.

THREE CHEERS FOR THE END OF SATS!

## Information for Parents
