

YEAR 5 LEARNING LETTER 20/9/24

We have been trying to create expanded noun phrases by adding adjectives and prepositional phrases. We have investigated the writing style of Anthony Browne when he creates tension and suspense. We tried to copy this style in our own writing. Lastly, we have been trying to infer the characteristics of a character from the way they act and the things they say.

Although being very early, we made our Christmas card designs, We used water colour painting skills.

We explored different search engines. We input the same search term into different search engines to see if the outputs were the same. They were not.

In our first RE session we thought about creativity. What does it mean and how does it make us feel? We then revised the Christian account of creation and learned about 'the fall'.

Looking Forward

Air resistance was our force for this week. We focused on conducting a fair test by controlling variables and doing repeated trials. We made parachutes of different sizes, dropped them from a height and timed their descent.

Our focus has been on using inequality sign to compare numbers. We have used our place value knowledge to order numbers and we have been rounding numbers.

Dolcie
For being successful with place value up to 1,000,000
Bertie
For completing and checking his place value learning

NEXT WEEK
PLEASE REMEMBER THE HIGH ASHURST MEETING ON THURSDAY
We will be looking into key events and summarizing the story of King Kong. We will be starting a new maths unit on addition and subtraction. We will learn about the life of a Roman soldier and start some art about portraits.
