

# YEAR 3 WEEKLY LEARNING

Ongar Place Primary School  
Addlestone, Surrey 01932 842785  
Issue Number Ten

## Autumn Term

### English

In our writing sessions, we've begun exploring our new book, *The Last Garden*—a thoughtful and tender story of hope that delves into themes of conflict and migration. To bring the story to life, the children first designed their own enchanting "gardens of peace," sparking creativity and imagination. Building on this, they crafted sentences using inspiring vocabulary and then compared the contrasts between the bustling city and the tranquil garden.

### Science

This week, the children explored the fascinating concept of magnetism, learning how magnets attract certain materials and create a pulling force between objects. To deepen their understanding, they made predictions and conducted investigations to determine which objects were magnetic and which were not.

## Achievement

This week achievement certificate has been awarded to:

- **Ruby** for contributing her fantastic ideas during our class discussion on safety and identifying the people in her safety network.
- **Scott** for his thoughtful contributions and insightful ideas shared with the class on the important topic of staying safe in our environment. .

*Congratulations on your exceptional dedication*

## Important Messages

### Home Learning

Children have been given homework in their home learning books to be completed by Thursday.

### Dates

Please review the Headlines and the school website for upcoming dates.

### Friendly Request

As part of our Art classes next term, we kindly request each child to bring an empty cereal box. Your contribution will help us provide engaging and creative activities for the children.

### Forest School

Our Forest School sessions will be held on Wednesdays. Please make sure children are dressed appropriately for the weather to ensure their comfort and safety during outdoor activities.
