

Year Two Learning Letter

Ongar Place Primary School, Addlestone, Surrey 01932 842785

31st January 2020

Learning Journey

This week has been very busy in Year 2.

On Monday, Sally and Dianne from Nat West visited us to tell us about how businesses use money. We had a go at planning our own business, thinking about how to budget and whether we could make a profit. It was great fun and lots of us are very keen to run our own business when we grow up.

We read a new book called 'The way home for wolf'. We used the internet to help us research real wolves and created PowerPoint presentations to show what we had learned.

We also used the computers this week to begin to turn the fantasy stories that we wrote last week into digital stories. We used a coding program called Scratch to create a sprite and make it move.

Star Learners

A huge well done to Alfie and Lily for helping to show the parents some of the different ways we learn Maths during our workshop on Thursday.

On Monday 10th February we are going to be taking part in a healthy eating workshop with a visitor from Warburtons. During the session the children will plan and make their own healthy sandwich which they will bring home with them. If you have any concerns regarding allergies/diet, please don't hesitate to speak to one of us.
