

YEAR 3 WEEKLY LEARNING

Ongar Place Primary School,
Addlestone, Surrey O1932 842785
Issue Number 14
17th January 2020

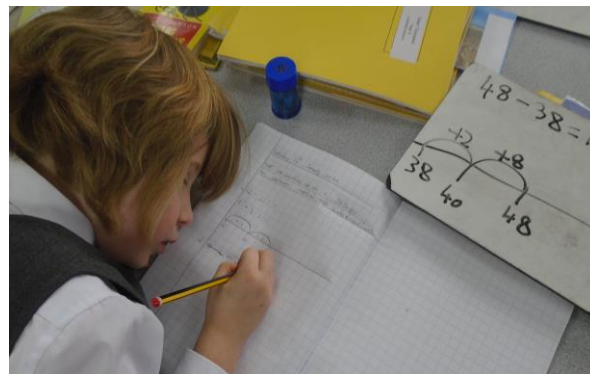

Our Values: Teamwork, Honesty,
Self-belief, Determination, Passion
and Respect

Focus Learning

This week, we had our second PE lesson with Mr Good. Year 3 have been trying to understand and practise the rules of Tennis. We know that we need to have control and coordination. Their attitude and listening skills have been great!

In Science, we became 'Rock Detectives' and we were observing a rock's characteristics to be able to identify it. We thought about the rock's texture, colour and appearance. After, we matched the correct rock name to rock samples we had.

We have been using the counting on method to help us with subtraction questions. We know that we must use the inverse operation of the calculation itself.

Star learner

Our Star Learner this week is Eleanor. She has been working hard on her work book presentation. Well done!

Information for Families

- Please can all children have full and appropriate PE kit. Our PE days are Monday and Thursday.
- Home learning is given on a Friday and expected back in the following Wednesday.
- Reading books and records must be in everyday.

26th and 27th February - Parents Evening
