

Highlights of the Week

This week in History, Year 5 stepped back in time to experience life as Romans, by creating their very own Roman mosaics. We explored how mosaics were used in Roman homes to decorate floors and walls, often showing scenes from nature, mythology, or daily life. They then had the chance to become Roman artists themselves, carefully planning and crafting their own mosaic patterns. There were some truly fantastic and imaginative mosaics produced – a wonderful way to bring history to life!

Information for Parents

- Homework is set on Thursday and due in the following Monday.
 - Parent workshop to explain how accelerated reader works - 21st October 9am
- Break up for half term - 24/10/25
Return to school - 4/11/25

Week 7 Autumn Term
17th October 2025

This week in Year 5, we did something a little different to get our creative juices flowing – we logged onto a live writing webinar exploring how we can become better writers. The session was fun, inspiring and full of brilliant tips, and the children were completely engaged throughout. They rose to the challenge and produced some exceptional pieces of writing in a very short space of time. It was fantastic to see their creativity and enthusiasm shine!
