

Foundation Stage Weekly Learning Letter

Ongar Place Primary School, Addlestone, Surrey O1932 842785

Issue Number 19
13th March 2020

Continuing the Learning Journey!!

The children have been carefully observing the growing of the beans in class. They excitedly noticed a shoot coming out yesterday and they recorded their findings!

This week's learning focus:

- I read the story 'Oliver's Vegetables' and the children wrote a list of the vegetables they could remember from the story.
- In PE the children have been practising their throwing and catching skills using beanbags.
- We have been looking at coins and the children have bought items from our pretend shop.

Focus on Learning

Next week we shall be completing some science experiments focusing on melting, freezing and changes in materials.

World Book Day

Information for Families

Our class trip to Gatton Park is on Tuesday 9th June. Please let me know if you are able to help on the day.

Many thanks,
The Chestnut Team
