Our Values: Teamwork, Self-belief,
Honesty, Passion, Respect &
Determination

Happy Friday!

We started this week with a fabulous theatre show! The Guildford Shakespeare Players visited Ongar and performed Macbeth to KS2 and what a great job they did. We were treated to brilliant visual and sound effects as well as fantastic acting, which really brought the play to life.

In maths, we have been dividing a three-digit number by a one-digit number. We then looked at correspondence problems and how we can use our times table knowledge to understand how many combinations of two or more groups we can have.

In computing, children learnt how to create and then use a procedure in a program. They then used their planned procedures to create interesting patterns.

This week in science, children explored what had gone wrong in a circuit which resulted in it not working. Elliott and Arthur also shared their own electric circuit boards with their friends.

Children were able to do some research in history this week as they learnt more about the many Mayan achievements. They then ranked these achievements based on how important they felt these were. Following this, they reflected on why the Ancient Mayan cities were ultimately abandoned and considered the many reasons given by historians, to decide what they feel was the most likely reason.

Wishing you a lovely weekend,

Miss Hale

Important Messages

Please can children collect any (clean) sweet or chocolate wrappers they may have at home and bring them into school before next Thursday.

These are for an art lesson. Thank you.

Important dates

Parents evenings - Tuesday 10th February and
12th February

Forest school finishes - Thursday 12th
February

End of term - Friday 13th February

Return to school - Monday 23rd February

Y4 Family Learning Morning - Friday 6th March

End of term - 27th March @ 1.30pm

Back to school - 13th April @ 8.50am
