Honesty, Passion, Respect &
Determination

Happy Friday!

I can't believe we have reached half way through the school year! It was great to see so many of you at Parents' Evening this week. I hope many of you will be able to join us for our family learning morning after the half term break.

This week, children wrote their own play scripts, taking inspiration from our book Tar Beach. They learnt the key features of writing play scripts and then used these in their writing. They were then able to bring these to life, acting them out, paying attention to the stage directions.

Our maths unit on multiplication and division came to an end this week and children completed their end of unit quiz. I would be grateful for your continued support at home to help children learn their times tables. We are moving forward after half term with a focus on length and perimeter.

In art, children designed a composition using different types of paper/wrappers. They were inspired by colours used by Beatriz Milhaze, who is herself inspired by bright plants and flowers in Brazil.

It was the final forest school session for the children this week and they were able to make popcorn around the fire! The afternoon group are still owed a session of forest school due to illness. I will let you know when this date is confirmed.

Wishing you a restful half-term break.

Miss Hale

Important Messages

Please can you continue to support your child as they learn their times tables. This can be as simple as asking them to recall their tables as you walk along the street or drive in the car.

Important dates
