

Highlights of the Week

Family Learning Morning

A definite highlight this week was having our classroom filled with extra adults! It was wonderful for the children to show off their knowledge and skills in front of family members and I believe everyone was impressed at just how knowledgeable the children have to be and how hard the Maths work in particular, is. As mentioned in the PSHE session, I thoroughly recommend checking out websites such as ceop and internet matters to get advice on how best to guide and support your child as they begin to own their own mobile phones and access more apps and internet sites/social media on any device.

Other lessons

The class have all created their own Ancient Greece inspired myth this week and I shall share photos of some of these next week.

In Maths we finished our work on Fractions, Decimals and Percentages, have revised a variety of Mathematical concepts.

Week 8 Spring Term

6th March 2026

01932 842785

Information for Parents

Dates for the diary

9th - 13th March - Bikeability Level 2

DISCO - HELPERS NEEDED PLEASE

Friday 27th March - End of Term 1:30pm

Please do not hesitate to contact me if you have any worries or concerns.
