Week 9 Spring Term
 13th March 2026

Maths

We have now finished our unit on Perimeter and Area and will be starting Statistics next. We will learn how to draw and interpret line graphs, look at timetables and see what information we can gather from them. An extremely important skill which is useful when catching the bus/train!

English

As well as rehearsing, we have been busy researching the life of William Shakespeare. We used the information we found to conduct mock interviews of him!

Healthy snacks - Can you please ensure your child is only bringing healthy snacks - ideally fresh fruit- to school. Anything from the confectionary/snack aisle at the supermarket should be avoided. The sugar spike it results in has a knock-on effect on their learning which can be detrimental. Thank you for your assistance in this matter.
