Nursery Activities and Play

This week we have continued learning about minibeasts and had a go at drawing and painting some.

In Maths we have been exploring different shapes and have taken part in lots of different activities that help us to match shapes and begin to talk about them.

Rhyme Focus

Next week we will be basing our learning around the nursery rhyme '1, 2, 3, 4, 5, Once I caught a fish alive'.

Willow Class' Caterpillars

The caterpillars are much bigger now. They spend a lot of time crawling about at the top of their container.

Information for Families

A reminder that children in Nursery should not have sweets or anything containing nuts in their lunch box. We also encourage balanced, healthy meals in line with DfE guidelines with foods from the four different food groups and limited amounts of sugar and salt.

Please also remember to send your child to school with a named water bottle, containing plain water rather than squash.
