

YEAR 4 WEEKLY LEARNING

Ongar Place Primary School,
Addlestone, Surrey O1932 842785
15.05.26

Our Values: Teamwork, Self-belief,
Honesty, Passion, Respect &
Determination

Happy Friday!

We have started our unit on Money in maths. This week, we have been writing money using decimals and converting amounts between pence and pounds. It would be really useful to share any coins and notes you have at home with your children as many children don't have much hands-on experience using cash.

In English, we have started reading our new book *Pride: The Story of Harvey Milk and the Rainbow Flag*. This week, children wrote multi-clause sentences and considered which abstract nouns they feel the rainbow flag represents.

The children created some brilliant book designs in computing this week. They used all the photo editing tools we've learned about this term to combine images and create a book cover or poster.

In their swimming lesson, children were learning the dolphin technique - using their legs together to propel them through the water.

In PSHE this week, children reflected on what a community is and how individuals can contribute to making their community a safe and happy place to be.

Science saw us delve back into the digestive system. This week, we used everyday objects to create our own digestive system to show how food travels through the body!

Enjoy your weekend, Miss Hale

Important Messages

Please note a change to the music planned for this term as per the curriculum letter. The children will now be adapting and transposing motifs with a Roman theme.
