**Our Values:** Teamwork, Self-belief,  
Honesty, Passion, Respect &  
Determination

Happy Friday!

What an inspiring week we've had at Ongar!

Aspiration week has been a great opportunity for children to learn more about many careers and understand the skills and qualities needed for different jobs. On Monday, children heard from a student about opportunities around studying abroad in University. A carousel of careers was available on Tuesday and children visited two of these to learn more about what these careers involve. Children spent some time with Mr Turton on Wednesday, helping him put a computer together. On Thursday, children took part in a short Zumba class and learned what being a Zumba teacher involves.

In English, children made a timeline of Earth's history, to better understand the scientific reasoning of Earth's creation and what has come since. They then linked these ages with prepositional adverbials.

In maths, we are now learning about shape. Many children struggled with their understanding of angles as turns. Please support your child at home to understand clockwise/anti-clockwise and quarter, three-quarter and half turns.

In computing, children learnt about count-controlled and infinite loops and used these to modify existing code.

Our Delight programme saw children creating birds for our windows this week. They look stunning!

Enjoy your weekend. Miss Hale

## Important Messages

The school trip to Wisley is on Tuesday and the weather is looking warm again. Please ensure all children wear sun cream and bring a hat to wear as we will spend the day outside.

Well done to all the children who represented Y4 at District Sports this week. It was a fantastic day and they were all brilliant. Congratulations to Oliver for finishing 1<sup>st</sup> in his long jump competition - an amazing achievement!
