

YEAR 6 LEARNING NEWS

Highlights of the Week

Wow it has been hot! But the class have handled it well. The week has been a little more relaxed to accommodate the fact that we were all just melting, but we've still managed to fit in a fair bit.

English

At the start of the week, I gave out ALL their English books and we had a lesson looking at how far they have progressed since the start of the year and how they feel they compare to the Year 6 Expected Standards criteria. It was lovely hearing comments such as, 'Did I really write like that?!' and "That was so good!".

Maths

Continuing with our Taskmaster Challenges, this week they had to create a marble run which would enable the marble to move for as close to 20 seconds as possible. There were many very creative ideas, but not as much testing and timing as I would have liked to see (despite reminders) meaning that in the first round, no marble moved for more than 8 seconds! One dedicated team gave up part of their lunchtime as they were determined to make their marble run work and I am very pleased to say that their resilience resulted in a time of 18 seconds.

Delight Art Project

The Delight Art Project has a space theme so this week we not only created Planet Surface paintings, but during one of the extra-hot afternoons, we read a book called The Aerodynamics of Biscuits and then designed vehicles (with a food theme!) which could go into space. The work produced throughout this project will be put on display for you to come at visit at the end of term. The date and time of this visit will be on this letter next week.

Technical Rehearsal

It feels like a very long time ago already, but on Tuesday we went to Jubilee for our Technical Rehearsal. Overall, it went well, but there are still some children who will need to practice lines. Next week we have very little rehearsal time due to the Transition Days so please get your child to rehearse at home - everyone has a script and a copy of the QR code to get access to the songs.

Week 10 Summer Term
26th June 2026
01932 842785

Homework

READING! Every child should be reading for 30 minutes every day. This is more important than ever as we aren't always managing this in class. We still have a large number of children who would benefit from reading aloud to an adult daily and having regular discussions checking understanding of vocabulary - both words and sayings we take for granted as a lot of pupils are still very literal in their understanding. **Maths and SPAG homework is also being set.**

Information for Parents

Tuesday 30th and Wednesday 1st July - Transition Days for most local Secondary schools - please make your own way to your new school!
Thursday 2nd and Friday 3rd July - Production at Jubilee High. Children will have a snack here then walk to Jubilee after school where we will then perform later in the afternoon/early evening.
Tuesday 14th July Pool Party Delight Exhibition likely to be this week - date tbc.
Thursday 16th July Leaver's Assembly then Cinema
Friday 17th July End of term 1:30pm

Please do not hesitate to contact me if you have any worries or concerns.
