

YEAR 4 WEEKLY LEARNING

Ongar Place Primary School,
Addlestone, Surrey O1932 842785
03.07.26

Our Values: Teamwork, Self-belief,
Honesty, Passion, Respect &
Determination

Happy Friday!

This week children spent time in their new classroom, meeting their new teacher and support staff, and having many of their questions answered about Y5. They all managed the transition very well. Some children have also spent additional time with Mrs Staunton this help to help support their transition into Y5.

In maths this week, we have started our new unit on Statistics. This week, children interpreted data on bar charts and pictograms.

In English, children collected lots of nouns and verbs from our book and used these to create their own poem inspired by our evolving world.

In geography, we learned where the driest inhabited place is on Earth and started to understand why deserts are so dry.

In science this week, children were introduced to classification keys and learnt that they are used to group living things.

Our Delight programme continues to inspire many creative ideas from the children. This week, children made their own insects.

Wishing you all a lovely weekend and fingers crossed England can ensure we return on Monday with happy faces!

Miss Hale

Important Messages

It is going to very hot again next week. Please ensure all children bring a hat into school to wear whilst outside and ensure sun cream is applied before school.

Please can we request all children wear PE kit to school on Friday 10th July as they will be taking part in a sports carousel as part of Inter-house day.

Important dates

Inter-house day - Friday 10th July

Y4 Art Exhibition - Monday 13th July @ 3pm
(see flyer)

Rock Steady Concert - Thurs 16th July

Last day - Fri 17th July
