

YEAR 4 WEEKLY LEARNING

Ongar Place Primary School,
Addlestone, Surrey O1932 842785
10.07.26

Our Values: Teamwork, Self-belief,
Honesty, Passion, Respect &
Determination

Happy Friday!

It's been another very warm week in school this week! Please continue to ensure your child is wearing sun cream and bringing a hat into school each week.

In English this week, children improved their sentences by adding fronted adverbials, adverbs and prepositional phrases to their work.

Children finished the Statistics unit in maths this week and have started their final unit of the year - Position and direction. They have been using coordinates to describe position and they've also plotted coordinates themselves. Children also had the opportunity to revisit prior learning in maths this week as they practised using column method for both addition and subtraction in a standalone re-cap lesson.

As part of our swimming lessons, children learnt about water safety this week and were shown important life-saving skills to use if they find themselves in trouble in the water.

In PE this week, children enjoyed another cricket session with Isaac where they practised all the skills they have been learning about this term.

In computing, children spent time modifying an existing game in Scratch and started to plan their own game, ready to create in our next lesson.

Wishing you all a great weekend...Come on England!! 🇬🇧
Miss Hale

Important Messages

Please can all children bring an extra bag into school next week to allow them to start taking their books home. Thank you!
