

Year 2

Learning Letter

Issue 1

Friday 11th September 2026

What a wonderful first full week back in Rowan Class. The children have settled very well into their new Year 2 routine and are suddenly looking very grown up as the oldest children in KS1.

Year 2 is such a wonderful year, the children seem to grow and change so much. I am very excited about the journey ahead of us and this week I have enjoyed getting to know all the children individually. So far we have a lot of happy faces but please come and speak to me if you have any worries or concerns.

Judo Taster

Maths

We are very impressed with the amazing mathematicians that have started with us in Year 2. This week we have been looking at 10s and 1s in numbers. We have used manipulatives to construct different numbers.

Homework this week

Next week in History, the children will be learning about timelines and chronology and will be creating a timeline of their own life. To support this activity, please provide a maximum of six photographs showing key events in your child's life, for example: birth, first steps, starting nursery or starting school. Please choose photos that are easy for your child to place in chronological order - you can write key information and dates on the back. You can either send hard copies into school or upload the photographs to Seesaw for me to print. Please ensure that all photographs are provided by Wednesday 16th September so that we are ready to complete the activity during our history lesson at the end of the week.

Next week we will be sending out reading books! Sorry for the delay!
