

YEAR 3 WEEKLY LEARNING

This week

ART

This week, the children continued to explore drawing and shading, building on the skills they developed in previous lessons. They focused on the importance of careful observation, looking closely at objects to identify patterns, textures and different tones. The children then used these observations to capture small details in their drawings, carefully copying what they could see into their sketchbooks. They also continued to practise shading techniques, experimenting with different pressures and tones to add depth, detail and a greater sense of realism to their artwork.

Issue Number One

Important Messages

A few important reminders: Please continue to read with your child every day to support their fluency, vocabulary and comprehension. We would also encourage children to practise their 2 and 5 times tables regularly to build their confidence and accuracy. Homework will be sent home every Friday and should be completed and returned to school by Thursday. Thank you for your continued support!

Achievements

This week achievement certificates have been awarded to:

- **Aleena** for using descriptive adjectives in her sentence writing to make her ideas clearer and her writing more exciting. Great work, Aleena—keep it up!
- **Verity** for expanding her sentences and using fantastic adjectives to make her writing more interesting and engaging for the reader. Fantastic work, Verity—keep it up!

**Congratulations on your
exceptional dedication
and hard work!**
