

YEAR 4 WEEKLY LEARNING

Ongar Place Primary School,
Addlestone, Surrey 01932 842785
18.09.26

Our Values: Teamwork, Self-belief,
Honesty, Passion, Respect &
Determination

Happy Friday everyone!

This week in English, the children have completed a comprehension activity as well as an independent write, showcasing their learning of figurative language. We have also continued to build our own opening to The Iron Man.

In maths, we have spent some time with week exploring number lines to 10,000. Some children found this particularly challenging due to not knowing their times tables. I would appreciate your support at home to help your child become fluent in their times tables as this will help them in their lessons enormously.

In history, children learnt how the end of Roman rule came about in Britannia when the Roman soldiers went to the mainland to protect Rome. They learnt that the Scots, Picts and Saxons started to invade England.

In computing, children considered what the internet is and that the world wide web is just one part of it.

We experimented melting chocolate in science this week, using different temperatures to understand how temperature affects state change.

In art, children continued to show their understanding of creating tints and shades by using different resources to create tone in a still life painting.

Wishing you all a lovely weekend!

Miss Hale

Important Messages

Spelling homework is on SeeSaw and due on Tuesday.

TT Rockstars homework is due by Friday.

Pencil cases - A reminder that pencil cases should be clear and that a **blue** handwriting pen should be provided.

A reminder that children should come to school dressed in PE kits on Tuesdays.

Important dates
