Issue Number 4  
1<sup>st</sup> October 2021

## Continuing our Learning Journey!!

We have had such a busy few weeks already! The children have settled into Chestnut Class well and are starting to get into the routine of school life.

Next week is 'Feeling Good Week' and I have lots of fun activities planned...

- Cooking happy face pizzas
- Making Christmas cards (yes you read that correctly!)
- Nature artwork
- Den building and bug hunting in the woods
- Spending time with Amber our school dog
- Dressing up in our favourite classroom costumes and having a party!

We have been learning about harvest this week and discussing what and how foods are harvested. The children then practised their fine motor control by making scarecrow puppets. 😊

## Focus on Learning

### **DEN BUILDING**

*We shall be den building on Wednesday.  
We would like your child to bring in a soft toy from home to take part in the fun too!  
Please label if possible.*

### **Class Star Learner**

**Elliott**

**for being a good friend to others and being such an articulate speaker.**

## **Information for Families**

Next Thursday at 2.30 is our information afternoon. I will chat about our school day and explain a little about the curriculum and learning in Chestnut Class. Once the talk and any questions are over you are welcome to take your child home (and siblings too). I look forward to seeing you there!

Many thanks,  
Mrs Brill and the Chestnut Team
