

YEAR 2 LEARNING LETTER

Ongar Place Primary School, Addlestone, Surrey 01932 842785

25 February 2022
Week 1 Spring 2

Focus on Learning

We have completed so much learning since the start of Spring Term. From our trip to Wisley to plant seeds and sketch plants in the green house to collecting data and creating pictograms. Children have engaged in many PE sessions such as dance and invasion games. They have practised SATS papers and continue to read daily. In science, children have been learning about habitats and they have finally got their hands on some laptops to do some research. In art, we have been learning about the element of shape as this links well with our shape unit in maths.

Focus on Learning

In phonics, the children are still investigating the alternative pronunciations of the sounds and all the different ways that the same sound can be written. We are looking at various spelling rules too.

They will be receiving many guided reading sessions and we will be helping them to choose the correct level books for their stage.

In our DT sessions, children will be working in teams to create a Frozen themed small world. They will need to be using their teamworking skills to construct a cuboid to start off this project. They will be using their small worlds in our Stop Motion unit for IT.

In RE, children are learning about Churches and the variations celebrations and objects within the Church building. We will hopefully walk to St Pauls Church in Addlestone in the next few weeks. PE is on a Tuesday and Thursday afternoon. This half term we are doing "fitness" and "team building".

Star Learner

Hugo who has written some amazing sentences throughout his workbooks. Well done Hugo!

REMINDERS

- ✓ PE clothes to be in all term - fully named.
- ✓ Year 2 Spelling is on SeeSaw
- ✓ Reading Record Books to be returned each morning with reading books
- ✓ Home learning books will go home each Friday

Many thanks,
Mrs Marwick
