

Ongar Place Nursery News

Ongar Place Primary School, Addlestone, Surrey 01932 842785

29th April 2022

Continuing our Learning Journey...

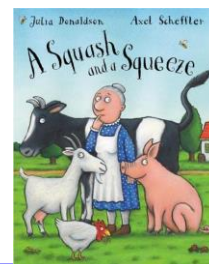

We have had a busy week in Nursery. The children have settled back into their routine and taken the new adjustments to the nursery in their stride! We have supplied fruit and snacks to the children this week and they have enjoyed selecting their own. We are looking to implement a 'snack bar' to make having a snack less formal and encourage more independence.

The children are making great use of the hall space inside the school. We are looking to have a dedicated PE slot to help develop their gross motor skills even further. The PE would be age appropriate, fun and engaging.

Next Week

Our focus book next week is 'A Squash and a Squeeze'. There will be plenty of opportunities for the children to role-play the story and extend their vocabulary during learning conversations with adults and friends.

Information for Families

Next Monday is May Day bank holiday so Nursery and School will be closed.

The children are always busy building, constructing and creating in the creative area. If you have any recycling boxes, lids etc. that the children can use to make models they would be gratefully received. Please do not send in any items that have previously contained nuts.

On the 27th May we are celebrating the Queen's Jubilee with the school. The children are allowed to dress up as kings, queens, princes, princesses etc. or wear red white and blue clothing. We will be learning 'The Hokey Cokey' and having a delicious crown shaped biscuit made by the fabulous school cook Sandra.

Many thanks for your continued support
The Nursery Team
