

Year One Learning Letter

Ongar Place Primary School, Addlestone, Surrey 01932 842785

6th May 2022

Learning Journey

Although we have only had four days in school this week, we have managed to fit a lot in. The seeds we planted last week have germinated and our beans and marigolds are starting to grow. We were surprised that the plant we put in the cupboard with no sunlight has grown the tallest so far.

In English this week we thought of some different adventures for the 'Naughty Bus'. We wrote about some of the places the bus would go, using describing words.

In PE we have been thinking about why it is important to work as a team. This week we worked together to complete different challenges. We were especially proud when we managed to make a 'mushroom' with the parachute.

Star Learner

Well done Bella for counting objects independently and writing the matching numbers correctly.

In Art this week we made models of some of the Queen's guards for our Jubilee display in the hall.
