Continuing our Learning Journey...

We have had another busy week in Nursery. Just outside our nursery gate is a book swap area. Please help yourself to a book to share at home with your child. Once you have shared the book, please return it and choose another! A quick reminder to apply sun cream before nursery and provide a sun hat for your child too, the weather looks like it is finally warming up!

The children enjoyed the story 'A Squash and a Squeeze'.

The children also designed and created an obstacle course!

Next Week

Our focus book next week is 'The Gingerbread Man'. There will be plenty of opportunities for the children to role-play the story and extend their vocabulary during learning conversations with adults and friends.

Information for Families

We are going to start learning a letter sound each week. To embed the learning further we would like the children to bring in one small item that starts with that particular letter (nothing precious or breakable). This item will form part of a letter 'sound box' that will be referred to throughout the week. Our letter sound next week is **M**.

Many thanks for your continued support
The Nursery Team
