20<sup>th</sup> May 2022

## Continuing our Learning Journey...

It has been another busy week in the nursery! Children have been getting very creative by making Big Ben, red telephone boxes and bunting ready for our jubilee celebrations next week. They have been practising their scissor skills and singing nursery rhymes and songs.

## Next Week

*Our story focus next week will be 'Ten Little Princesses'*

*The children will continue to develop their fine motor control and counting skills.*

## Information for Families

We have recently purchased some new tables and chairs for nursery. They are nice, bright and colourful. Our snack area continues to develop; the children are becoming more independent by selecting and serving themselves. We are looking at purchasing a lot more furniture and resources...so watch this space!

Many thanks for your continued support  
The Nursery Team
