

YEAR 3 WEEKLY LEARNING

Ongar Place Primary School,
Addlestone, Surrey O1932 842785
Issue Number 2
20th September 2019

Our Values: Teamwork, Honesty,
Self-belief, Determination, Passion
and Respect

Focus Learning

In Maths, we have been using different strategies and number facts to help us calculate sums quickly and efficiently. We liked the Spider strategy the most. This helped us to count on and back, using our multiple of 10 facts.

In English, we have started our new class book called *Leon and the place Between* by Angela McAllister. We have been admiring the detailed illustrations and multimodal features of the book.

At the beginning of the week, we were 'Verb Spotting' whilst reading. This was so we could accumulate a class list to help us with our own writing. We also started to work on adding adverbials to our sentences after reading examples from the book.

Beech class started the week off right by engaging in our 'Mindfulness Monday' Yoga.

Star learner

Our Star Learner this week is Theo for his determination and positivity towards his learning. Well done!

Information for Families

- Please can all children bring in their reading book and record every day.
- PE Mondays and Swimming Thursdays.

Thank you
